laziness	怠惰
industriousness	勤勉
zoologist	動物学者
immobile	動かない
devour	むさぼり食う
foraging	食物をあさること
perch	とまる
nectar	蜜
fertility	繁殖
evaporate	発散させる
lethal	致命的な
hover	空中にとどまる

Q 1. What is the meaning of the title, *Busy as a Bee*?

- (A) It is known that bees tend to make buzzing sounds while flying.
- (B) Bees usually spend most of their time doing nothing at all but eating.
- (C) Bees spend all their time collecting nectar and building nests.
- (D) It is thought that bees are continuously active and productive.

Q 2. Which statement best expresses the main idea of the entire passage?

- (A) Human beings spend two to four times more at work than other creatures do.
- (B) Biologists study animals at rest in order to better understand why humans have to work so much harder than they do.
- (C) Monkeys, lions and hummingbirds look lazy, but they actually work more than we thought they did.
- (D) Although animals may appear lazy, they actually require rest for a variety of reasons related to their survival.

Q 3. How is the information in the section, "HOW THEY DO IT," organized?

- (A) Scientific research by two zoologists conducted from the 1970s is discussed.
- (B) Actual examples are given to explain the main point of how inactive some animals are.
- (C) Three different theories on the reason for animals' inactivity are compared.
- (D) Scientific explanations are given of how some animals are more inactive than other animals.

Q 4. What does the word "budging" mean in the following sentence in lines 12-13?

"A lion can lie in the same spot, without budging, for twelve hours at a time," said Dr. Pusey.

- (A) eating
- (B) tiring
- (C) moving
- (D) resting

Q 5. Which sentence in the final paragraph best expresses the main idea of the paragraph?

- (A) Researchers who have looked at hummingbird behavior have also concluded that the tiny birds are justified in taking frequent breaks.
- (B) To hover in midair while sipping from long-tubed flowers, they must beat their wings at a rate of sixty times a second.
- (C) "They burn more fuel in calories per gram of body weight when flying than anything else ever studied."
- (D) Flying is so draining that many hummingbirds are better off staying motionless unless the food they can obtain is very rich.

2 次の英文を読んで、後の問いに答えなさい。答は最も適切なものを(A)~(D)の中から1つ選び、記号で答えなさい。そして、解答欄の正しい記号(A, B, C, Dのどれか)を○で囲みなさい。

counterproductive	逆効果の
irritant	刺激物
neural	神経の
receptor	受容器, 受容体
central nervous system	中枢神経系
evaporation	蒸発
hydrated	水分補給された
tolerate	耐える, 我慢する
neurotransmitter	神経伝達物質
deplete	使い果たす
replenish	元どおり一杯になる

Q 6. What is the main idea of this passage?

- (A) Eating cold food, such as frozen yogurt, is good at cooling humans down, but not as effective as spicy food.
- (B) Spicy food is effective at helping humans cool down, but not as effective as something cool to eat, such as frozen yogurt.
- (C) Spicy food is effective at helping humans cool down, and anyone can enjoy the benefits of it if they become accustomed to it.
- (D) Spicy food is effective at helping humans cool down, but one should avoid it if one does not like it.

Q 7. What does the word “combatted” mean in the following sentence in line 3?

Humans have long combatted the heat by eating spicy food.

- (A) attacked
- (B) increased
- (C) fought
- (D) stopped

Q 8. What is NOT mentioned as a something that happens when eating spicy food?

- (A) one’s mouth feels a “burn”
- (B) one’s nose begins to run
- (C) one’s body feels warm
- (D) one sweats more

Q 9. What should one do while eating spicy food in order to allow one’s body to cool itself quickly?

- (A) eat something mild like yogurt
- (B) drink enough fluids to stay hydrated
- (C) drink something sweet to balance the spicy flavor
- (D) increase the number of peppers one eats

Q10. According to the passage, which of the following statements can be assumed?

- (A) Eating spicy salsa while sitting in the sun can lead to stomach sickness.
- (B) Lamb vindaloo is a spicy food that some people avoid eating.
- (C) The burn one feels in his or her mouth when eating spicy food is imagined.
- (D) Staying hydrated causes a burn in one’s mouth, which leads to fatigue.

(白 紙 頁)

3 次の英文をよく読んで、250語以上の英語の文章を書きなさい。その際、必ず序論と結論をつけること。書き終わったら、語数を数え、解答用紙裏面の右下の枠の中に語数を記入しなさい。

Think about all of your education — from kindergarten to elementary school to junior high school and, finally, to high school. What are two or three of the most important lessons you have learned through your education? Explain where you learned each lesson and why it is still memorable and important to you.
