3. Number of students to be accepted under the exchange agreement

Under the exchange agreement between your University and UF, each institution can accept a limited number of students on an annual basis. This refers to the number of full-year students. If the limited number is 3, UF can accept up to either 3 full-year, or 6 single-semester, or a combination of such students, since one academic year consists of two semesters at UF. Please be advised that the number of students in one semester should not exceed 3. But if such a case does occur where the number of students exceeds 3, students designated "past the limit" will have to pay tuition in each semester.

4. Students who enroll at UF outside of the exchange agreement

As stated in the previous section "3. Number of students to be accepted under the exchange agreement," UF can accept exceeded number of students over the limited number as fee-paying students for both Program A and Program B. They are exempted from admission fee because of our friendship. Tuition is charged as below:

Student Status at UF	Tuition	Example
Special Auditing Student with credit	14,800 JPY x Total credits registered	For a student who registers for 7 courses, each 2 credits, in one semester: 14 credits x @14,800 = 207,200 JPY/semester
Special Research Student with no credit	163,800 JPY x Total semester enrolled	For a student who receives research instruction for two semesters: 2 semesters x @163,800 = 327,600 JPY

5. Student status at applicant's Home University

All participants must return to their Home University after completing the programs at UF, and continue their studies to get a degree at their Home University. **They are not able to graduate or obtain any degree from their Home University while they are enrolled at UF.**

6. Issuance of transcript

UF normally issues an academic transcript to each Special Auditing Student at the end of October for spring semester and the end of April for fall semester. In case you require your students to hand in a transcript issued by UF earlier than the above time, please inform the students of that in advance and submit an official letter of request to UF. We will take all early transcript requests into consideration. The earliest possible time of issuance however is end of September for spring semester and beginning of April for fall semester.

7. JASSO scholarship and report on credit transfer

UF will apply for scholarships under the Japan Student Services Organization (JASSO) Student Exchange Support Program, in which eligible exchange students will receive a monthly scholarship of 80,000 JPY. The result and detailed scholarship information for the currently-recruiting exchange programs will be available in February 2020. Those who show their intention to apply for the JASSO scholarship will be notified of the result soon after the announcement.

If granted, we have to submit each student's report on credit transfer at his/her Home University a. We will send the form to submit after your student(s) return to your University, so please submit the report as soon as you complete the procedures of credit transfer.
