3. Number of students to be accepted under the exchange agreement

Under the exchange agreement between your University and UF, each institution can accept a limited number of students on an annual basis. This refers to the number of full-year students. If the limited number is 3, UF can accept up to either 3 full-year, or 6 single-semester, or a combination of such students, since one academic year consists of two semesters at UF. Please be advised that the number of students in one semester should not exceed 3.

4. Student status at applicant's Home University

All participants must return to their Home University after completing the programs at UF, and continue their studies to get a degree at their Home University. **They are not able to graduate or obtain any degree from their Home University while they are enrolled at UF.**

5. Issuance of transcript

UF normally issues an academic transcript to each Special Auditing Student at the end of October for spring semester and the end of April for fall semester. In case you require your students to hand in a transcript issued by UF earlier than the above time, please inform the students of that in advance and submit an official letter of request to UF. We will take all early transcript requests into consideration. The earliest possible time of issuance however is end of September for spring semester and beginning of April for fall semester.

6. JASSO scholarship and report on credit transfer

UF will inform you more details on Japan Student Services Organization (JASSO) Student Exchange Support Program, in which eligible exchange students will receive a monthly scholarship of 80,000 JPY, when we notify the acceptance to the exchange program. If granted, we have to submit each student's report on credit transfer at his/her Home University. We will send the form to submit after your student(s) return to your University, so please submit the report as soon as you complete the procedures of credit transfer.

7. Tutoring System

We allocate a tutor to all the international students who come to Japan for their first year to help them with their daily life and also in their academics. The matching starts before the student's arrival in Japan to strengthen their connection.
