

**Job Announcement for an Assistant Professor
for Department of Human and Artificial Intelligent Systems of Engineering,
University of Fukui**

1. Available position:

One Assistant Professor

If you are hired as an Assistant Professor, the term is five years. Based on performance evaluation during the term, reappointment or promotion to Lecturer or Associate Professor may be possible.

2. Affiliation:

The faculty hired in this open recruitment will belong to the Department of Human and Artificial Intelligent Systems in the Faculty of Engineering.

3. Specialized field:

Human and Artificial Intelligent Systems, In particular, candidates with backgrounds in Medical Informatics Engineering, Applied Image Engineering, Sensing Engineering, or related fields are preferred.

4. Teaching responsibilities:

Graduate level: One course related to the applicant's specialized fields or robotics from those offered in the master's program.

Undergraduate level: Several specialized subjects related to mechanical engineering, electrical/electronic engineering, and information engineering (including medical welfare engineering); some of the exercises/experimental subjects. general education courses.

5. Start date:

As early as possible during the period from August 1, 2026, to April 1, 2027

6. Qualifications:

Applicants must satisfy all of the following requirements:

- (1) Holding a doctorate or an equivalent degree (including candidates who are expected to obtain the degree).
