Note: Do not count pass/fail courses in the calculation.

How to calculate

Use the following table to generate a grade point average for each course, and calculate the cumulative grade points by the formula. (Round off to three decimal places.)

This simulation, <u>calculated based on the minimum expenses provided in the previous page</u>, shows that the total cost for enrollment duration of 12 months requires at least <u>1,100,000JPY</u> when included with overseas travel insurance. If a student resides in a private apartment or needs to pay tuitions, the total cost would be much higher. Please understand that this simulation is just an example, since living expenses vary according to each individual's lifestyle.

9. Scholarship from the Japan Student Services Organization (JASSO)

UF applied for scholarships under the Japan Student Services Organization (JASSO) Student Exchange Support Program, in which eligible exchange students will receive a monthly scholarship of 80,000 JPY. In the result, Program B has been selected as a recipient program for fiscal year 2023. We will notify the eligible applicants through coordinator at universities.

Please note that to apply for the JASSO scholarship, exchange students must have earned, in principle, a grade point average of at least 2.30 on a 3.0-scale in the previous academic year. (Please refer to this guidebook page. 3.)

10. Tutor System

UF allocates a tutor student for all the international students who arrives in Japan for his/her first year. Tutor student will help the international student with the daily life as well as in their academics. We've been matching the tutor students with the international students before their arrival at UF. The students can exchange information with each other, and this helps the international students' smoother transition when they start their student life in Japan.
