

Faculty recruitment at University of Fukui, Faculty of Engineering

1. Available position:

One assistant professor (Term of office is 5 years. Based on the performance examination during the term of office, you may be appointed as an assistant professor without fixed terms, or hired as a senior assistant professor or associate professor.)

2. Affiliation

The faculty hired in this open recruitment will belong to Department of Applied Physics in the Faculty of Engineering.

3. Specialized field

Experimental studies magnetic materials (material synthesis, fundamental properties using many kinds of experimental techniques, application of electromagnetic wave etc.)

4. Teaching responsibilities

Graduate-level: Subjects in the master's program at the Electromagnetic Engineering Course.

Undergraduate level: Specialized subjects in the Department of Applied Physics, specialized basic subjects on mathematics and physics in the Faculty of Engineering, and common education subjects.

5. Start date

April 1, 2026

6. Qualifications

Applicants must satisfy all of the following requirements:

- (1) Holding a doctorate or an equivalent degree by the time the appointment begins.
- (2) Having educational and research achievements in the above specialized fields and subjects.
- (3) Capable of doing research activities independently. Passionate about guiding students.
- (4) Having a strong willingness to actively engage in education in the faculty of engineering.
- (5) Aware of current situations of local national university, and willing to do university administration and social contribution.

7. Application materials required

(1) Curriculum Vitae (ID photo, full name, gender, date of birth (age), current address, contact information (E-mail, home, and mobile phone numbers), academic background (with enrollment period), work history (with enrollment period), affiliated academic society, prize, punishment and signature)

- In the "Awards and Punishments" column, please enter any awards or penalties (disciplinary action, etc.).
- If you have received disciplinary action due to sexual violence, including sexual harassment, please be sure to enter the details of the action and the specific reasons for it in the "Awards and Punishments" column.
- Please note that if there are any false statements on your resume, such as not listing penalties, you may be subject to cancellation of employment or disciplinary action, etc.

(2) List of educational and research achievements (all including pre-printed prints)

- [1] Academic papers
- [2] Educational papers
- [3] International conference papers (peer-reviewed full papers)
- [4] International conference papers (other than [3])
- [5] Patents (registered)
- [6] Professional books and textbooks
- [7] Other

Please list them separately. Select no more than three (or five※) major and important works and indicate them by the underline.

(3) Doctoral dissertation (Title, University, Published year and month)

(4) Activities in academic societies and social contributions

(5) List of grants acquired from government, foundation, private companies, etc.

Distinguish between those proposed as representatives and those participating as collaborators.

(6) Major educational activities and teaching experience

Applicants who have experience in teaching at universities should write the name of the subjects and attach their syllabi.

Applicants belonging to private companies include educational activities within the company.

(7) Statement for research and education (About 2 sheets on A4 paper)

Please also describe your contributions to the SDGs.

(8) A list of professional references with complete contact information (optional, up to 2 people).

(9) Digital data of Scientific Papers

PDF files of the selected no more than three (or five※) major and important works.

※5 are preferable to be qualified in lecturer of the master's program upon taking the position.

8. Deadline for application

The application must be completed before noon on September 30, 2025

9. Application

All the application documents should be electrically submitted via JREC-IN Portal.

Please put the cover letter and items (1)-(8) of application materials together into a PDF file and compress it, together with the PDF files for (9), to a .zip file (less than 30 MB in size).

The addressee of the cover letter should be :

Niro Nagai, Professor

Dean, Graduate School of Engineering, University of Fukui

3-9-1 Bunkyo, Fukui-shi, Fukui 910-8507, JAPAN

10. Contact details

Seitaro Mitsudo, Professor,

Department of Applied Physics, Faculty of Engineering, University of Fukui

Tel: +81-776-27-8654

E-mail: mitsudo@u-fukui.ac.jp

Additional statement

* The personal information given in the submitted documents will be managed properly according to the regulations for protecting personal information implemented by University of Fukui, and it will not be used otherwise than for the purpose of this personnel screening.

* Interviews will be conducted after the selection based on application documents submitted. As a general rule, we will conduct simulated lessons in English or Japanese. In such cases, please note that travel expenses will be the responsibility of the applicant. Applicants who pass the initial document review will be informed of the interview date, time, and format.

* University of Fukui is promoting gender equality. The university will try to hire a female applicant from among the final candidates who may be considered equally qualified.

* You will also be engaged in work related to entrance examinations.

* The retirement age of University of Fukui is 65 years old.

* The website related to Department of Applied Physics is
<https://www.eng.u-fukui.ac.jp/engineering/physical/>

* Working language: Japanese is the official language at University of Fukui. Fluency in English is desirable.
